Berlin Replies to American Note.

UNABLE TO YIELD ALL

Germany Maintains Her Acts Are in Retaliation.

MAIN POINTS IN GERMANY'S REPLY.
1—She cannot forego submarine warfare.
2—She cannot appreciably change the rules under which her submarine commanders are acting, because those rules comply with international law.
3—Whatever unfortunate occurrences arise from the activity of German submarines, Great Britain, not Germany, is to blame, because the submarine campaign is in retaliation for Britain's blockade.
4—Some accidents are unavoidable in all kinds of warfare, submarine fighting included.
5—The United States has not shown the same sympathy for German women and children, whom the allies propose to starve, as it has for victims of submarines.
6—The United States could have confined the war strictly between the actual belligerents, had it not aided the allies by furnishing them munitions.

Washington, May 6.—The note of the German government in reply to the American note respecting submarine warfare is as follows:

"The undersigned, on behalf of the German imperial government, has the honor to present to his excellency, the ambassador to Germany of the United States, the Hon. James W. Gerard, the following reply to the note of April 10 regarding the conduct of German submarine warfare:

"The German government handed over to the proper naval authorities for further investigation evidence concerning the Sussex as communicated by the government of the United States.

"Judging from the results that information already yielded the German government is alive to the possibility that the ship mentioned in the note of April 10 as torpedoed by a German submarine is actually identical with the Sussex.

"The German government begs to reserve further comments on the communication until further points are ascertained, which are of decisive importance in establishing the facts of the case.

"Should it turn out the commander was wrong in assuming the vessel to be a man-of-war the German government will not fail to draw the consequences resulting therefrom.

REPUDIATES ASSERTION.

"In connection with the case of the Sussex the government of the United States made a series of statements, the gist of which is the assertion that the incident is to be considered but one incident of a deliberate method of indiscriminate destruction of vessels of all sorts, nationalities and destinations by German submarine commanders.

"The German government must emphatically repudiate the assertion. The German government, however, thinks it of little avail to enter into the details of the present status, inasmuch as the government of the United States omitted to substantiate the assertion by reference to concrete facts.

"The German government will only state that it has imposed far-reaching restraints upon the use of the submarine warfare solely in consideration of neutral interests in spite of the fact that these restrictions necessarily were of advantage to Germany's enemies. No such consideration has ever been shown neutrals by Great Britain and her allies.

ORDERS GIVEN IN GOOD FAITH.

"German submarine forces have had in fact, orders to conduct submarine warfare in accordance with the general principles of visit, search and destruction of merchant vessels recognized by international law, the sole exception being the conduct of warfare against enemy trade carried on enemy freight ships encountered in the war zone surrounding Great Britain. With regard to these no assur-

ances have ever been given to the government of the United States. No such assurance was contained in the declaration of Feb. 8, 1916.

"The German government cannot admit any doubt that these orders were given and are executed in good faith.

"Errors actually occurred. They can, in no kind of warfare, be avoided altogether, and allowances must be made in the conduct of naval warfare against an enemy resorting to all kinds of ruses, whether permissible or illicit. But apart from the possibility of errors, naval warfare, just like land warfare, implies unavoidable dangers for neutral persons and goods entering the fighting zone. Even in cases where naval action is confined to ordinary forms of cruiser warfare neutral persons and goods repeatedly come to grief.

MINES CAUSE MANY LOSSES.

"The German government has repeatedly pointed out the danger from mines, as they have led to the loss of numerous ships.

"The German government made several proposals to the government of the United States in order to reduce to the minimum of danger travel of Americans. Unfortunately these proposals were not adopted.

"If they had been adopted the greater part of the accidents that American citizens have met meantime would have been avoided. The German government stands by its offer to come to an agreement along these lines.

"As the German government has repeatedly declared it cannot dispense with the use of submarines as a weapon in the conduct of warfare against enemy trade.

"The German government, however, has now decided to make further concessions, adopting the methods of submarine warfare to the interests of neutrals.

"In reaching this decision the German government is actuated by considerations which are above the level of the disputed question.

GERMANY NOT INHUMAN.

"The German government attaches no less importance to the sacred principles of humanity than does the government of the United States. It again fully takes into account that both governments for many years have co-operated in developing the international law in conformity with these principles, the ultimate object of which has always been to confine warfare on sea and land to the armed forces of belligerents and to safeguard as far as possible noncombatants against the horrors of war.

"In answer to the appeal of the government of the United States on behalf of the sacred principles of humanity and international law the German government must repeat once more with all emphasis that it is not the German government but the British government which, by ignoring all the accepted rules of international law, extends this terrible war to the lives and property of noncombatants, having no regard whatever for the interests and rights of neutrals and non-combatants, which through this method of warfare have been severely injured. In self-defense against the illegal conduct of British warfare, while fighting a bitter struggle for national existence, Germany had to resort to the hard but effective weapon of submarine warfare.

ONE-SIDED SYMPATHY.

"As matters stand the German government cannot but reiterate its regret that the sentiments of humanity which the government of the United States extends with such fervor to the unhappy victims of submarine warfare were not extended with the same warmth of feeling to the many millions of women and children, who, according to the avowed intention of the British government, shall be starved and who by their sufferings shall force the victorious armies of the central powers into ignominious capitulation.

"The German government, in agreement with the German people, fails to understand this discrimination all the more as it has repeatedly and explicitly declared itself ready to use the submarine weapon in strict conformity with the rules of international law as recognized at the outbreak of the war if Great Britain likewise would adopt her conduct of warfare to these rules.

"Efforts of the United States to prevail upon the British government to act accordingly failed, because of the flat refusal of the British government.

"Again and again has Great Britain violated international law surpassing all bounds.

CHARGES IMPARTIALITY.

"The German people know that the government of the United States has the power to confine the war to the armed forces of the belligerent countries in the interest of humanity and the maintenance of international law.

"The government of the United States would have been certain in at taining this end had it been determined to insist to Great Britain for her incontestable rights on the seas; the German people are and the impression that the government of the United States while demanding that Germany struggling for existence shall restrain the use of an effective weapon and while making compliance with these demands a condition for

the maintenance of relations with Germany, confines itself to protests against the illegal methods adopted by Germany's enemies.

"Moreover the German people know to what a considerable extent their enemies are supplied with all kinds of war material from the United States.

WANTS TO BE FAIR.

"It will, therefore, be understood that the appeal made by the government of the United States to the sentiments of humanity and the principles of international law, cannot, under the circumstances, meet with the same hearty response from the German people which such an appeal is always certain to find here. If the German government, nevertheless, is resolved to go to the utmost limit of concessions, it has been guided not alone by the friendship connecting the two great nations for over one hundred years, but also by the thought of the great doom which threatens the entire civilized world should the cruel and sanguinary war be extended and prolonged.

"The German government, conscious of Germany's strength, twice within the last few months announced before the world its readiness to make peace on a basis of safeguarding Germany's vital interests, thus indicating that it is not Germany's fault if peace is still withheld from the nations of Europe.

"The German government feels all the more justified in declaring that responsibility could not be borne before the form of mankind and in history, if, after twenty-one months of the war's duration, the submarine question under discussion between the German government and the government of the United States were to take a turn seriously threatening maintenance of peace between the two nations.

WANTS FREEDOM OF SEAS.

"As far as lies with the German government, it wishes to prevent things from taking such a course. The German government, moreover, is prepared to do its utmost to confine operations of the war for the rest of its duration to the fighting forces of the belligerents, thereby also insuring freedom of the seas, a principle upon which the German government believes, now as before, that it is in agreement with the government of the United States.

"The German government, guided by this idea, notifies the government of the United States that German naval forces have received the following order: 'In accordance with the general principles of visit and search and the destruction of merchant vessels recognized by international law, such vessels, both within and without the area declared a naval war zone, shall not be sunk without warning and without saving human lives unless the ship attempts to escape or offer resistance.'

"But neutrals cannot expect that Germany, forced to fight for existence, shall for the sake of neutral interests restrict the use of an effective weapon if the enemy is permitted to continue to apply at will methods of warfare violating rules of international law. Such a demand would be incompatible with the character of neutrality and the German government is convinced that the government of the United States does not think of making such a demand, knowing that the government of the United States repeatedly declares that it is determined to restore the principle of freedom of the seas, from whatever quarter it has been violated.

BRITAIN SHOULD OBEY.

"Accordingly the German government is confident that in consequence of the new orders issued to the naval forces the government of the United States will also consider all impediments removed which may have been in the way of neutral co-operation toward restoration of the freedom of the seas during the war as suggested in the note of July 23, 1915, and it does not doubt that the government of the United States will now demand and insist that the British government shall forthwith observe the rules of international law universally recognized before the war, as are laid down in the notes presented by the government of the United States to the British government, Dec. 28, 1914, and Nov. 5, 1915.

"Should steps taken by the government of the United States not attain the object it desires to have the laws of humanity followed by all belligerent nations, the German government would then be facing a new situation in which it must reserve to itself complete liberty of decision.

"The undersigned avails himself of this opportunity to renew to the American ambassador assurances of high esteem. VON JAGOW."

Criticized President Wilson.

AMERICA WILL GIVE GERMANY CHANCE TO CARRY OUT PLEDGE

President's Advisers Say German-American Submarine Issue is Closed--No Reply to be Made

England Newspapers Disappointed--Peace Feature of German Reply Being Studied Closely

Submarine Issue Closed Incident

(By United Press)

Washington, May 6.—President Wilson's advisers say that the German-American submarine issue is closed and that the United States will not answer, the German reply indicating that it was not necessary. The president has studied the text of the reply this morning. It is thought that Secretary Lansing will issue a short statement calling the attention of the public to Germany's statement that only war ships will be torpedoed hereafter, and it is thought the matter will remain closed until Germany reopens it by the resumption of submarine warfare.

America's Demands Substantially Met

(By United Press)

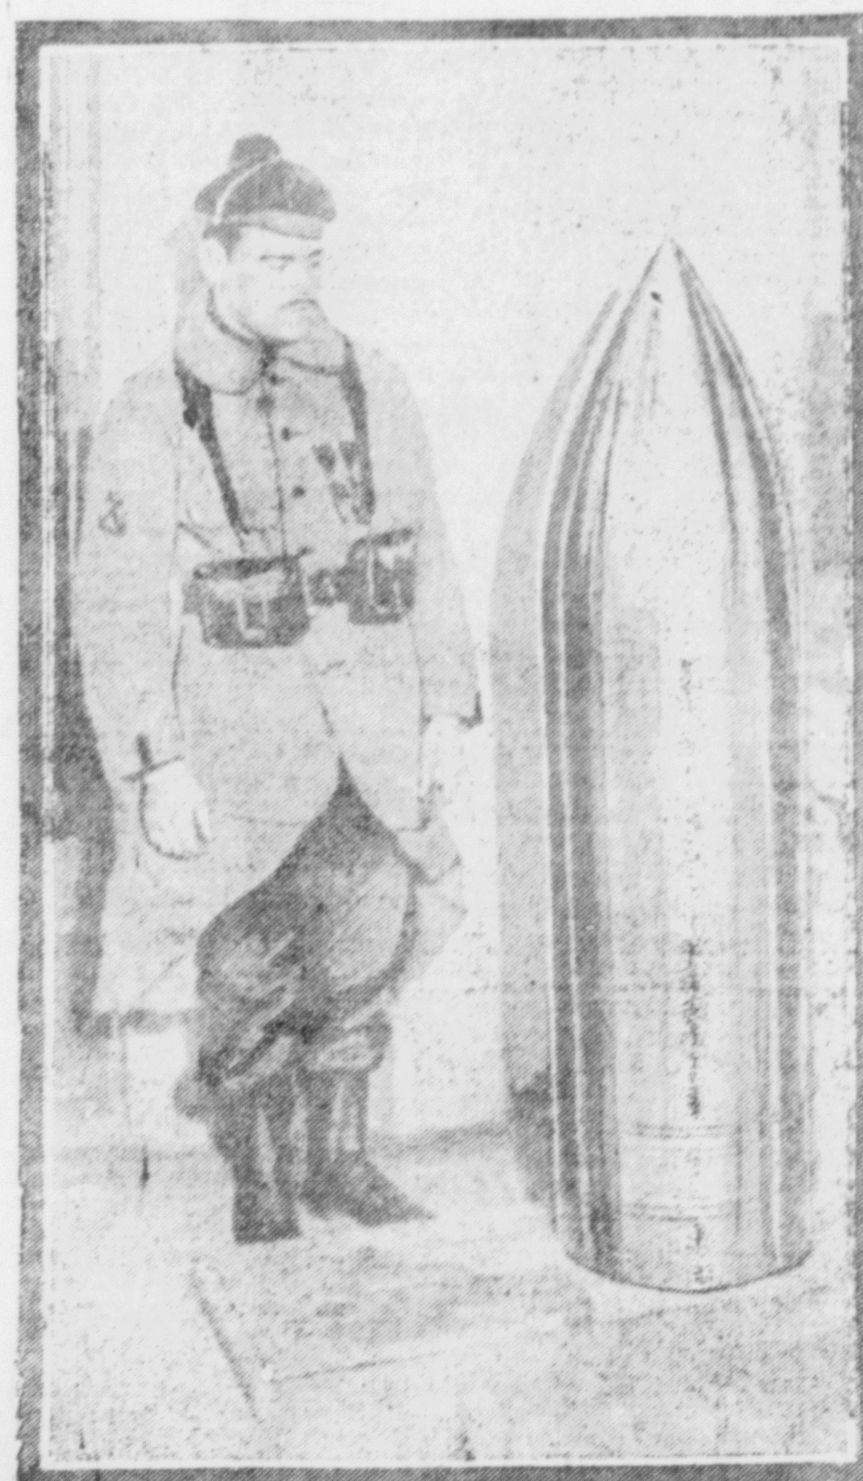

New York, May 6.—The New York Sun's deduction from the editorial comment of the country is that the newspapers deem America's demands have been substantially met by Germany.

France, at Last, Has a Great Shell, Too

French 15.7-Inch Shell

Here is the proof that France has at last invented a great gun to compare with the German 16-inch, which battered the forts of the French frontier in the beginning of the war.

London Disappointed Probably Acceptance

(By United Press)

London, May 6.—The dispatches from Washington reporting that President Wilson would probably substantially accept the German reply brought disappointment to the London newspapers the editorials of which had commented at length upon the note, declaring that it was unsatisfactory and the United States would soon be ranged beside England in war. It is claimed that the British government would never allow itself to be made a party to a three angled diplomatic game.

Think Wilson Can Speedily End War

(By United Press)

Berlin, May 6.—American circles are studying the importance of the peace features of the German reply. It is now thought that President Wilson has a great opportunity to speedily end the war, and some have even suggested that the time is ripe for Col. House to revisit the European capital.

St. Paul, May 6.—Judge Schaller of the supreme court, has filed for renomination.

South America Seems Confident Good Faith

(By United Press)

Washington, May 6.—So confident has South America become of the good faith of the United States toward Mexico that any steps this country may take in that direction is unquestioned, though South American Senator Fletcher, returning from the international high commission tour, said he was formerly suspicious but that the patent course of the United States toward Mexico proved that the United States did not wish to dominate all Americans.

Anniversary of the Lusitania Sinking

(By United Press)

London, May 6.—A big demonstration commemorating the sinking of the Lusitania on May 7, 1915, will be held at Hyde Park tomorrow. A large model of the Lusitania, one Lusitania life boat and other relics will be carried in the procession.

VILLA'S HIDING PLACE IS FOUND

American Troops Hope to Soon Capture Bandit.

DETAILS ARE KEPT SECRET

General Pershing Merely Reports That United States Soldiers Are Only a Short Distance From Where the Outlaws Are Supposed to Be Hiding.

El Paso, Tex., May 6.—Confidence that American troops in Mexico soon will catch up with Villa and his bandits was expressed here by army men following the receipt by General Funston of word from General Pershing that Villa had been located.

In his report General Pershing gave no details. He merely said American troops are only a short distance from where the bandits are supposed to be. Simultaneously with the receipt of General Pershing's message came a report to Juarez that Villa had been seen at Santiago Papasquiaro, in the state of Durango. This is far south of any locality in which American troops are located.

WOMEN DISPLAY INTEREST

Insist on Probing Into Detectives Killing Youth.

St. Paul, May 6.—Touched by the story of the killing of Russel Wyse, the eighteen-year-old boy shot in the back in the Union Depot yards Thursday night, and indignant over what they term the "ruthless cruelty of the St. Paul detectives who killed him," leaders in the Women's Welfare league and Civic league began agitation to bring those responsible to justice.

Mrs. Lenora Austin Hamlin, executive secretary of the women's Welfare league, and Mrs. E. G. McConnell, president of the Women's league, said that both organizations are determined to see justice done.

Lusitania Sinking**

(By United Press)

New York, May 6—One year ago tomorrow the Lusitania was torpedoed and sunk by a German submarine, with the loss of 150 American citizens.

New York and other cities in the east and middle west tomorrow will conduct services "of an impressive and dignified nature, somewhat in the nature of a protest," according to a statement issued by the American Rights Committee.

The meeting in this city will be held in Carnegie hall. It is not the purpose of those in charge of the exercise to turn them into an active attack upon the administration, but rather to use them as a memorial for the American dead who never have been avenged.

Schenectady and Philadelphia have already completed plans for similar services, as have Chicago, Cleveland and other American cities.

NOTICE TO WATER CONSUMERS.

The season for lawn and garden sprinkling being at hand, the Water and Light Board asks the co-operation of consumers in the carrying out of the regulations regarding sprinkling, and asks you to remember:

FIRST—That a charge for sprinkling is practically universal custom with all plants not on a meter basis.

SECOND—That the prices charged in Brainerd conform to those of other cities.

THIRD—That to meet the demands of the sprinkling season is a severe tax on the capacity of the pumping plant, and that a willingness on the part of consumers, faithfully to observe the hours for sprinkling will greatly assist in the supplying of a satisfactory service.

FOURTH—That sprinkling permits must be secured in advance.

RATES
25 Ft. frontage, per season.....\$3.00
37 1/2 Ft. frontage, per season.....\$4.00
50 Ft. frontage, per season.....\$5.00
Over 50 Ft. frontage, per season \$6.00

The board has extended the 20% discount, heretofore granted on regular water rentals paid in advance, to apply also on the purchase of sprinkling permits.

SPRINKLING HOURS.
6 to 9 o'clock A. M., and 6 to 9 o'clock P. M.

Failure to comply with the rules will mean the shutting off of water and the customary charge of \$1.00 before it is turned on again; but the board believes that by a disposition to co-operate on the part of the public, the work of this department may be greatly lessened and inconvenience to consumers be avoided.

**MEAT CAUSE OF
KIDNEY TROUBLE**

Take a glass of Soda if your Back
hurts or Bladder bothers—Meat
forms uric acid.

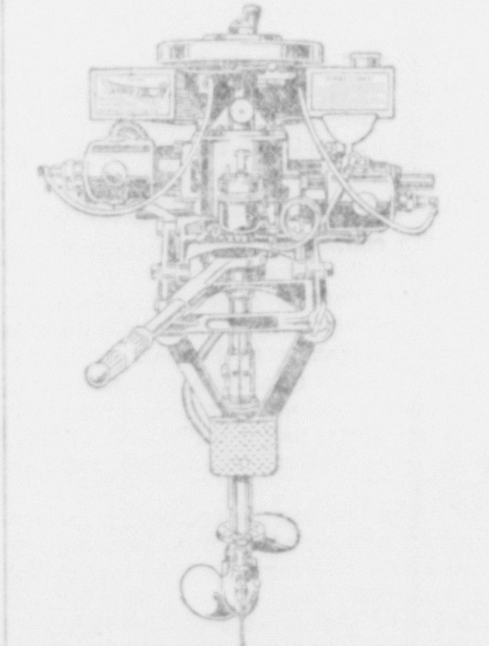

If you must have your meat every day, eat it, but flush your kidneys with soda occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urines, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

SINCE TAKING PERUNA

I can say my bowels are much more regular. My heart is stronger. My appetite is much better. My throat is much better.

Mrs. William H. Hinchliffe, 20 Myrtle St., Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said for Peruna."

Those who object to fluid medicines can now procure Peruna Tablets.

BABY SHOW WAS VERY SUCCESSFUL

Closes Saturday, May 5, Attendance Was Large, Babies to be Awarded Prizes

LECTURES WERE INSTRUCTIVE

Dr. R. M. Washburn Spoke on Milk Friday Afternoon and Evening—Dr. Taylor Tonight

The "Brainerd Baby Welfare Week and Exhibit" closes a successful three days' term this evening. The attendance has been large and over 140 babies were examined by the doctors. First and second prizes will be awarded babies in the five groups. The important feature Friday was the lectures given by Dr. R. M. Washburn, of Minneapolis, who spoke on the value of the proper food for tissue building of infants and pleaded for a pure milk supply.

Experimenting with little pigs, he showed the effect of giving them skim milk, medium milk and rich milk.

State and national governments were expending thousands of dollars for experiment work in tobacco culture, grape and hop culture, improvement of hogs and cattle, while an insignificant amount was spent to save human life.

There were 34,000 babies in Minnesota, 1,500,000 infants in the United States, and not one cent had been spent by the government to ascertain what kind of milk was the best.

The negroes, said Mr. Washburn, may best be likened to the Holstein for quality of milk and production. The white woman, on the other hand, may be compared to the sensitive, nervous, rich, milk-giving Jersey. Eczema was caused by too rich milk.

At the evening illustrated lecture, Dr. Washburn pleaded for cleanliness in milking, clean hands, clean machinery, a clean milk house.

Users of milk had a right to demand cleanliness, and, on the other hand, producers of milk complying with these demands were entitled to adequate compensation. Milk promptly cooled with cold water developed few germs. That allowed to cool naturally swarmed with germs.

Dr. Rood Taylor speaks this evening on "The So-Called Common Cold." The program as published in the Dispatch will be given, local doctors and local musicians and singers assisting.

Emma Goldman Still Talks Birth Control

(By United Press)

New York, May 6.—"In the cause of her motherhood I am still proud and glad to be a criminal," said Emma Goldman today when she had completed her 15 days and walked out of the workhouse on Blackwell's island.

Miss Goldman was a prisoner here just 23 years ago, too. This time she went up for publicly advocating birth control. She pleaded her own race, lost and had her choice of a \$100 fine or prison.

"I prefer to go to the workhouse," she said. "I won't buy my way out of anything."

"I shall go right on distributing birth control propaganda," she said today. "I teach it for the sake of joyous childhood and glorified motherhood," she said. "There are 350,000 half-starved women who need the information—what kind of children do you think theirs would be? If this is crime, I am willing to be a criminal. I have as fellow criminals the greatest men and women of the world."

Assistant District Attorney Unger said Miss Goldman's speech had been simply "indecent in the guise of birth control."

"The policy of this office is not to limit in any way, shape or form the discussion of vital propaganda such as that of birth control. But the law compels us to and it is our intention to put an end to indecencies. The address was made in an impure and indecent fashion to a mixed audience of men, women and children of tender years."

Among those who helped defend Emma Goldman and who met her on her release today were Rose Pastor Stokes, Leonard D. Abbott, Mrs. J. Stokely Cram, Mrs. John Sloan, Ben Belman, George Bellows and Mrs. Robert Henri.

Altruistic Class

On Wednesday evening, May 10, the Altruistic class of the Swedish Baptist church Sunday school, will give a concert at 8:15 o'clock at the church, corner Oak and Tenth Sts., the proceeds of which will go to missions.

The time of services as follows: Morning worship 10:30, evening worship 7:30, Bible school 11:45, young peoples meeting 6:45.

The Best of the New-- You Will Find it Here

There's a wealth of new and different details to these chic Spring coats. They show, oftentimes, a Spanish influence in garniture. Featuring, of course, a profusion of styles in the really lowly priced numbers. Not cheap, you know, but dependable coats, whose quality is up and whose prices are low. Quaintly frilled skirts made ideal companions for these new and charming coats. Taffeta is among the most favored fabrics and we show it in many models.

There's a Spring time harmony to these coat and skirt combinations, and they'll please you much. They are serviceable, too, and just the thing for the all-purpose costume. Our selections are now at their very best.

O'Brien Mer. Co.

We cordially invite you to worship with us. Rev. G. Phil Sheridan, minister.

THE BABY

(GEORGE MACDONALD)

Where did you come from, baby dear? Out of the everywhere into here.

Where did you get your eyes so blue? Out of the sky as I came through.

What makes the light in them sparkle and spin? Some of the starry apices left in.

Where did you get that little tear? I found it waiting when I got here.

What makes your forehead so smooth and high? A soft hand stroked it as I went by.

What makes your cheek like a warm white rose? Something better than anyone knows.

Whence that three-cornered smile of bliss? Three angels gave me, at once, a kiss.

Where did you get those arms and hands? Love made itself into hooks and bands.

Feet, whence did you come, you darling things? From the same box as the cherub's wings.

How did they all come to be just you? God thought about me and so I grew.

Where did you get that pearly ear? God spoke, and it came out to hear.

But how did you come to us you dear? God thought of you and so I am here.

Entertained at Banquet

Last evening at six o'clock, immediately after their usual weekly practice, the Junior Symphony orchestra consisting of thirty-two children, was entertained at a banquet at Library hall by the ladies of the Children's Hour assisted by several friends. Edwin Harris Bergh, conductor of the orchestra, consented to remain as honor guest. All thoroughly enjoyed the repast as well as the social hour spent in each other's company. Those assisting at the banquet were Mrs. V. L. Hitch, Mrs. E. J. Quinn, Mrs. Clara Hough, Mrs. W. H. Gemmell, Miss Bertha Mahlum and Miss Frances Quinn.

A Wonderful Aid to Real Foot Comfort

Dr. Scholl's Anterior Metatarsal Arch Support

RELIEVES MANY FOOT AILMENTS

This scientific device is designed to relieve and correct painful cases of weakened arch; severe cramping and pains through the ball of the foot, callouses and sudden cramplike pains between the third and fourth toes.

These ailments are invariably accompanied by a broadening of the foot; the shoe spreads out and runs over the sole in almost every case.

Burning sensations beneath the toes develop into cramp-like pains. When these are experienced Dr. Scholl's Anterior Metatarsal Arch Support should be fitted without delay.

It gives immediate relief and comfort by supporting the arch and taking off the strain and is the only means of effecting complete and permanent relief.

We are experts in fitting and adjusting these appliances under the direction of Dr. Scholl. Physicians and the public invited to have demonstration. Made in three styles to meet a variety of conditions. Prices \$2.50 to \$3.50 per pair.

CONCERT WAS APPRECIATED

The Proceeds are for the Benefit of the Missionary Fund of the Ladies Missionary Society

The concert given by the Erato trio at the Presbyterian church last evening, was much appreciated by the large audience gathered to hear. The members of the trio are Edwin H. Bergh, violinist; William Rodenkirchen, cellist, and William P. Bartsch, pianist.

They played a very pleasing series of classic music, some very difficult compositions, from the leading composers such as Meyerbeer, Beethoven, Tchaikovsky and Chaminade.

Some of the most appreciated numbers were the Allegretto movement from Beethoven's Symphony in A; Allegro con fuoco, by Hoffman, and Serenade, by Chaminade, opus 29.

The last number was played with the stringed instruments muted and the piano modulated and was listened to with great interest by everyone. Some counted this the most attractive number on the program.

These big numbers were played with splendid attack and enthusiasm and maintained throughout all the expressive movements.

The proceeds of the concert is for the benefit of the missionary fund of the Ladies' Missionary society. The church raised a considerable over three hundred dollars for benevolence last year and this year the aim is to materially increase this amount. The Missionary society was a leading factor in this excellent showing.

The ushers last evening were Miss Mary Huchey and Miss Ellen Dillan. Much of the credit of the concert belongs to J. A. McKay who arranged most of the details of the evening and took the largest responsibility in promoting it.

Lady Rewena Circle

Mr. and Mrs. Wm. F. J. Pfeiffer entertained the Lady Rewena Circle of Harmony Homestead No. 1601, B. A. V., at their home, 420 10th street north, last Friday night. Four tables of "500" were played. First prizes were won by Mrs. Senn and Mr. Pfeiffer, while Mrs. Dora Holst and Ed Gruehagen carried off the booby prizes. The Misses Temple and Holst kept up the spirit of the card sharps by their lively music.

Miss Cecil Blaser assisted Miss Elizabeth Pfeiffer in serving a dainty lunch at midnight and all present departed for their several homes content in the knowledge of an evening well spent.

Pleasantly Surprised

Prof. J. Carl Swanson was given a very pleasant surprise last evening at the home of Mr. and Mrs. A. O. Anderson. Mr. Swanson will leave tomorrow to take up his duties as a traveling representative for the King-Richardson Co. of Chicago. He was presented with a purse as a token of esteem by about forty of his many friends. Elmer Dahl made the presentation speech and Mr. Swanson responded. He said he was glad to have been in Brainerd for the short time he has practiced his profession here and thanked his friends for the support given him. He may return to Brainerd in the future. The evening was spent in games, recitations and conversation, after which they departed wishing Mr. Swanson success in his new labors.

What Is Uric Acid?

THE CAUSE OF BACKACHE,
RHEUMATISM, GRAVEL
AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Anurie," which will throw out and completely eradicate this uric acid from the system. "Anurie" has proved to be 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Anurie," or send 10 cents for a trial package of "Anurie Tablets."

If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Doctor Pierce's Anurie Tablets.

Doctor Pierce's reputation is back of this medicine and you know that his "Golden Medical Discovery" for the blood and his "Favorite Prescription" for the liver have had a splendid reputation for the past fifty years.

Doctor Pierce's Pills are unequalled as a Liver Pill. One tiny Sugar-coated Pellet a Day. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

STATE GEOGRAPHICAL NAMES AND THEIR HISTORICAL SIGNIFICANCE

(Prepared by the Minnesota Historical Society for the United Press)

Isanti County.

Early French explorers and map makers used this name for a large division of the Dakota Indians then dwelling in the Mille Lacs region. It appears to be derived from the Indian word for knife and was probably applied to these Indians because they were the first of the Dakotas to secure steel knives from the traders. The name Sauk, by which a part of the Dakotas are now known, is a modern variant of the same word. Isanti county was established in 1857.

Prohibition leaders have asked T. J. Anderson, of Belgrade, Stearns county, to become their candidate for governor, promising him that there will be no opposition at the primaries and the united support of the dry element at the coming election. The St. Cloud Times says "A prohibition candidate for governor from Stearns county is a joke," and it would almost knock one off the wagon.

It is lawful for cities and villages in sections, made dry by federal law controlling Indian territory to sell saloon licenses to any one who wants one, but it is unlawful to sell liquor in any such town or village, in other words you can buy a license but it is of no value to you after you get it. This is the official attitude toward the village of Walker, in Indian territory. Officials of the federal government today said their duty was to prevent the sale of liquor in Indian territory, but did not deal with the licensing of that sale.

The effort to turn the clock ahead an hour and gain more sunshine for the laboring class at the end of the day's work has failed. While the men gained in the evening the women of Winnipeg had to get up an hour earlier and they won their point after a five days trial, consequently the Canadian Pacific shops have returned to the old time schedule. Woman's rights prevailed.

This country should feel the effects of people staying at home, or "seeing America first," as some would put it, for the next few years. The war will keep the great multitude from going abroad this year but they must go somewhere and they will scatter out over this country and many of them will learn for the first time that there is as interesting things to see and as delightful places to spend vacations in America as in a foreign land many think better. Once these people become acquainted with these facts it may become a habit with them. These folks have all got money, and are going to spend it, too, in the pursuit of recreation and recuperation, and Minnesota ought to be the beneficiary to a large extent, and thousands of pleasure seeking tourists and vacationists can be directed this way if the proper effort is made. We have the delightful summer resorts, the climate, the best fishing on earth, and all that goes to make it attractive to summer travelers who wish to shake off the "irk" of business fret and revel in the exuberance of rest and relaxation. Let's advertise it.

RESERVES DECISION

Wilson Is Studying German Reply.

OUTLOOK IS FAVORABLE

Berlin Is Believed to Have Met Basic Demand.

Washington, May 6.—Although President Wilson is reserving decision until he receives the official text there are many indications that the German reply to the American note will avert the danger of an immediate diplomatic break.

The German note, though unsatisfactory in more ways than one, apparently meets the president's basic demand that Germany "immediately declare and effect an abandonment of present methods of submarine warfare."

German submarine commanders have been ordered to conduct their warfare against merchantmen "in accordance with the general principles of visit and search recognized by international law," and these orders, according to the note, are in effect now.

The fact that Germany threatens to withdraw them unless the United States obtains concessions from Great Britain relative to the blockade is not regarded as necessarily vitiating Germany's concessions to the American demand.

The United States, it is explained, will know how to deal with this threat should it be put into execution.

In the meantime the submarine menace to noncombatants' lives is at least temporarily eliminated and this is the object for which the president has been striving.

May Accept Assurances.

It is too early to predict with certainty that the president will accept this concession on its face value, but indications strongly point that way.

The president received the German reply, as called by press associations from Berlin, just before the cabinet meeting. He read it to his advisers, and the cabinet discussed it for nearly two hours.

The unfavorable impression made by the sharp words in the preliminary portions of the note was offset by the outline of the orders to submarine commanders which indicated the specific concessions which the imperial German government has made.

It is understood that the president discounted much of the corollary of the note on the ground that it was intended for "home consumption" in Berlin.

It was the guarantee and not the words that interested the president.

Following the cabinet meeting there were further indications that an immediate break was not imminent.

Secretary of State Lansing said: "I cannot discuss the note at all at this time," but he said later that certain inquiries concerning the note probably would be made of the German government.

WATTERSON INDULGES IN SHARP COMMENT.

Louisville, Ky., May 6.—"The German reply would be satisfactory to Americans, but for two considerations," the Louisville Courier-Journal says. "One is that Germany is bankrupt in good faith. The other is that even if she means this time to keep her word and observe the law her admission that she will hold herself at liberty to go back to lawbreaking unless we strike in our efforts to make Great Britain observe the law. The latter consideration, of course, will have no weight at Washington."

REPLY OF GERMANY READ IN REICHSTAG

London, May 6.—According to a dispatch from Berlin, forwarded by Reuters' Amsterdam correspondent, Dr. von Bethmann-Hollweg, the German imperial chancellor, together with Vice-Chancellor Delbrueck, Foreign Minister von Jagow, Dr. Karl Helfferich, secretary of the imperial treasury; Admiral Cappelle, other ministers, members of the bundesrat and about 100 members of the reichstag attended the sitting of the budget committee of the reichstag.

The chancellor read the German reply to the American note, says the dispatch, and explained German-American relations. A short discussion followed. The proceedings were strictly confidential.

Prison Band and Ball Team Benefit

Columbus, O., May 6.—Under heavy guard the Ohio penitentiary convict band and the pen baseball team were to give a public exhibition at Nell park for the benefit of the Columbus Children's hospital campaign here this afternoon.

The prison team will cross bats with the local Standard Oil team to play off the "rubber" of two games apiece last season.

"Scotty," colored, Springfield "stickup" who starred last season on the mound for the pen team will do the twirling, and "Alex," colored, Dayton "Porch climber," who pulled "Larry Gardner" thrillers at third base last year, will again occupy that position.

This is the first time Warden Thomas has taken the band or team outside the prison for a heavy exhibition. Under heavy guard he will take the band of 26 pieces and the team of 16 players to the park on big prison trucks.

DEATH CALLS THREE IN CITY

Edwin Setter, Age 14. Taken with a Fit, Falls From Bank Into River and Drowns

ARE SEARCHING FOR THE BODY

Claus Jeronimus, Dock Foreman, Duluth, and Harry Williams, Car Foreman Mandan, Die

In the throes of an epileptic fit Edwin Setter, age 14, formerly of Superior, Wis., fell from the bank of the Mississippi river this morning while fishing near the Northwest Paper Co. mill and was drowned before assistance could reach him. The lad was on the opposite bank from the mill. A search has failed to recover the body.

Claus Jeronimus, age 62, a dock foreman of the Northern Pacific railway at Duluth, died this morning at a local hospital from intestinal neoplasia. He leaves a wife and two daughters.

Harry Williams, a well known railway man, car foreman of the Northern Pacific railway, died at a local hospital late Friday afternoon.

The Expression of Many a Kidney Sufferer in Brainerd

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Brainerd proof:

J. C. Beck, carpenter, 809 Tenth St. S., Brainerd, says: "I couldn't stoop without pain and was hardly able to do any work at all. I got Doan's Kidney Pills at H. P. Dunn's drug store and they soon fixed me up all right. I was able to again work as usual and I haven't been obliged to take any kidney medicine since."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Beck had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advt.

COUNCIL SPECIAL MEETING

On Friday Evening Considers Paving of Sixth and Laurel Streets, Other Matters

All members of the city council were present Friday evening at the special meeting except Alderman Andrew Anderson, who is recovering from an operation for appendicitis.

Alderman Koop and Betzold moved to direct the city engineer to purchase the necessary steel and expansion material for the paving of South Sixth street from the curb line of Front street to the mill track and Laurel street from the curb line of Fifth to the curb line of Seventh streets. The motion carried.

Alderman Betzold offered the following resolution and moved its adoption:

"Be it resolved by the city council of the city of Brainerd:

"That the water main on South Sixth street between Front and Maple streets and on Laurel street between Fifth and Seventh streets in the city of Brainerd be replaced by 8 inch cast iron mains and that the water and light board be hereby authorized to so replace said mains."

The motion was seconded by Alderman Morrison, and on an aye and nay vote all voted aye and the resolution was adopted.

RESOLUTION

Be it resolved by the city council of the city of Brainerd,

That the water mains on south Sixth street between Front and Maple streets and on Laurel street between Fifth and Seventh streets in the city of Brainerd, be replaced by 8 inch cast iron mains, and that the water and light board be hereby authorized to so replace said mains.

Passed May 5th, 1916.

DEVELOPMENTS OF WEEK ON RANGE

Mangan Mine Has Sold its Entire Output of Season, 30,000 Tons

CAPT. WM. PASCOE IN CHARGE

Sublease Made by C. J. O'Connell and Associates to A. R. McGuire

The Mangan mine on the north range, Capt. Wm. Pascoe superintendent, has sold its entire output for the season and shipments started May 4. Thirty thousand tons have been sold to the Cambria Steel Co. this year and will be promptly delivered.

The Cuyuna-Mille Laes mine has started shipping. The Cuyuna-Duluth mine is engaged in stockpiling. The Armour No. 2 is shipping from its shaft. The Armour No. 1 pit has started shipping. The Pennington pit near Ironton is shipping. The Hill Crest pit west of Ironton has a shovel at work. Shipments are not yet under way. The Cuyuna-Sultana is shipping. A new crew was put to work at the Iron Mountain mine recently taken over by the Hoch Mining Co.

A sublease has been filed from Charles J. O'Connell of Crosby, owning 10-32, Mary O'Connell, Minneapolis, owning 5-32, Frank A. Edson of Deerwood owning 1-32, and Fred W. Paine of Duluth, owning 1-2, to A. R. McGuire of Ironton, covering the southeast quarter of the northwest quarter of section 34, township 47, range 29, the term of the lease ending May 1, 1918, the royalty being 35c a ton on iron or manganese with the output at least 20,000 tons annually. The grantors mentioned are the owners in the proportion shown of a mining lease dated June 1, 1908 and made by Charles M. Rassat to C. J. O'Connell of Crosby, which covers the land described and other tracts.

The Croft mine at Crosby is shipping direct from the skips. A hoist and head frame are being installed by the Meacham, which is operated by the Rogers-Brown Ore Co.

At the Rowe pit mine improvements are being made to the concentrator. Drilling near the Croft mine is expected to reveal another large body.

Enthusiastic for Chautauqua

Austin, May 2, 1916.

Dear Sir:—

Your letter at hand and in regard to your inquiry as to the impression the Chautauqua has made on our city, I wish to state that Austin has enjoyed the Chautauqua for eight years and is more enthusiastic each year. Don't think that Austin went crazy over the movement from the first, for she didn't do anything of the kind. Austin has to be shown and once convinced she gets behind a movement and there is no chance of failure. The first Chautauqua held here went into the hole to the tune of \$1500. I know, for I was on the committee and also on the note. The next year the people came to the front and have stayed with the committee ever since. To give you an idea of the way Austin stands back of the Chautauqua, I need but tell you that the advance sale of tickets for this year's session reached 1500 without canvassing in the tent. The blank cards were handed to the people as they came through the gates and were signed and handed to the local committee during the week.

Perhaps there is not a local incentive to arouse city pride in your Chautauqua. Let me outline our way. We have a local committee consisting of four men and four ladies. The chairman of the committee is the mayor of the city. Of course we change mayors and then we have a new Chautauqua chairman, but we retain the ex-mayor on the committee as a member.

We have our Chautauqua in our prettiest city park. Of course a public park cannot be closed to the public. We do this. We pay the city park board \$100 for the use of the park for the seven days. The board uses the money to further beautify the park. We then proceed as though we had the right to charge to enter the grounds. We have had but one man come to the gate and insist on his rights to enter without paying. We told him to enter as our guest. The next year he bought a ticket and is now a booster. You wonder where we get the money to pay the park board \$100. After Austin had become established as the best Chautauqua town in the Mississippi valley, we were in position to talk business. We make contracts every two years with the Redpath-Vawter people. They are the very best people in the business to do business with. We take ten per cent of the advance sale of tickets. We also hold the concessions of the grounds which we sell to the highest bidder. After we have paid the park board its \$100 we have over \$200 left each year. This money we have placed in the bank at interest and now have on hand something over \$800. Our people know we are to use it for some park purpose, possibly a children's playground. That is the local incentive here, but it is not needed, for our people recognize the great educational value of the Chautauqua. Almost every evening session will find over two thousand people at the park. We have always heard that Brainerd was a city of intelligence and as your Chautauqua becomes better known the larger will be the attendance.

Yours truly,
J. H. SKINNER.

COMMUNICATION

To the Editor:—

I have been highly pleased and delighted to read in the Dispatch about the new enterprise of great public interest which goes into action today on the streets of Brainerd. I refer to the new auto bus line inaugurated by our enterprising and public spirited citizen, Tom Mansuras.

This will give all our citizens quick access to the new paper mill which is much to be desired, and all of Northeast and Southeast Brainerd including the railroad shops and Lum park, for the small fare of one penny, thus making all parts of the city accessible to the center and from the center to the suburbs.

One especial advantage will appeal to all wage earners who wish to go out where they can own lower cost houses and have plenty of room for a garden, chickens and play grounds for the kiddies among native evergreen and other trees and green grass and flowers. Of course my business precludes me from suggesting that incidentally many cheap lots may be wanted for such homes, however the whole city would gain by more of such homes, so let it go at that.

I feel that Mr. Tom Mansuras is justly entitled to the public recognition of this entire community for his public spirit and enterprise which he has modestly shown in inaugurating this modern up-to-date auto bus line and that he should receive the most liberal patronage possible. Indeed so much so that he may soon be encouraged and justified in adding one or more similar auto busses to his line and that the service may be extended to all the nearby lakes and pleasure resorts so numerous in this vicinity. Three cheers for Tom Mansuras and his jitneys.

WEEKLY TRADE REVIEW GIVEN

Chicago, May 6.—The John V. Farwell weekly trade review has the following to say of conditions:

Sharp advances by the carpet and rug manufacturers on May 1, necessitates an immediate revision of prices by wholesale distributors.

Present labor differences between the manufacturers of both men's and women's garments and their employees are bringing to the surface very emphatically present market conditions. It is reported that even with strikes among the cutters of women's garments, manufacturers are only willing to make very short delivery extensions and are glad to receive cancellations from the cutting trade who are unable to take on goods during the time of extension.

Every indication points to continued market firmness, scarcity of desirable fabrics and sharp advance for spring, 1917.

Uncle Joe Cannon is 80 Tomorrow

(By United Press)

Washington, May 6.—Tomorrow will be Uncle Joe Cannon's 80th birthday. His political friends and foes in the house of representatives today celebrated the event with an hour of speech-making filled with bouquets and no brickbats.

"Confidentially, I wish they would not have this celebration," the speaker admitted today. "It's too much like bringing flowers to a corpse."

"Uncle Joe" is not the extreme partisan he was of old. That's why men of all parties in the house feel so friendly toward him. Since his "come-back" he has kept out of the lime-light.

Uncle Joe still harbors a deep-seated hatred for political reformers. Every time he gets a chance he hits one on the head.

"I suppose," said Uncle Joe, "a reformer has his place. Sometimes I think they get pretty thick. They say their province is to fight with the Almighty; that the Almighty and one are a majority."

"I am not here to abuse them. Nearly all of them are honest, but once in a while one of them is a hypocrite."

In these days of aeroplanes and submarines, Uncle Joe is proud he gave substantial encouragement to Prof. Langley, the American, who was jeered when he tried to fly in a heavier-than-air machine. He helped him get an appropriation.

"You know the newspapers pounded on old Langley and called him a fool," said Cannon. "Going to fly like a bird" screamed the headlines derisively. They poked fun at me for befriending him."

"I didn't mind it. To tell the truth the newspapers have kind of pleased me. They have given me a notoriety for profanity and wickedness."

Speaker Clark, Democratic Leader Kitchin, Sherwood of Ohio, and Gillette of Massachusetts were the speakers. Rodenberg of Illinois was master of ceremonies.

IN DISTRICT COURT

Case of Dr. J. E. McCoy vs Marc Atkinson Goss to the Jury This Afternoon

In district court the case of Dr. J. E. McCoy, of Ironton, vs Marc Atkinson of Crosby, charging libel and damages in the sum of \$4,999, went to the jury in the afternoon.

Witnesses for Dr. McCoy included N. E. Bickford, former chairman of the Crosby-Ironton school board; Ed Lovdahl, member of the school board; H. P. Armstrong, former postmaster; U. K. Kreitter and M. B. Ellingson, Ironton bankers.

The defense had on the stand A. O. Rabideau, Ben Frodi, W. C. Deering and Conrad Raps.

Why pay Tire Bills for Others— —i. e., for RECKLESS Drivers

AMERICANS who want their money's worth,—who dislike to pay for the Reckless-driving extravagance of Others,—in the price of their own Tires, should sit up and take notice of following FACTS:—

The current Goodrich "Fair-List" price on Tires, is based upon what it costs the largest, and best equipped, Rubber Factory in America to produce them.

No "Insurance" Premium added to the NORMAL retail price of Goodrich Tires, in order to protect the Reckless Driver at the expense of the Careful Driver, through a fancy List Price which is high enough to absorb that Premium.

The excess Mileage each Goodrich Tire is reasonably certain to deliver, when given reasonable care in driving, thus becomes clear "Velvet" to the Owner of GOODRICH Tires.

Money can't make, and can't buy, better Tires of Fabric construction, than Goodrich Safety-Tread Tires, as Test will prove.

And, money can't buy the B. F. Goodrich Co. to produce Tires which would discredit the 269 other lines of Rubber Goods made by the B. F. Goodrich Co., for which its name stands Sponsor.

COMPARE prices on Goodrich "Fair-List" Tires with present prices on any other responsible Tires in the field, bearing in mind that NO "LARGER-SIZED" Tires (type for type and size for size) than Goodrich Black-Treads, are made in America.

Then, Test out at least ONE pair of Goodrich black-tread Tires, on their per-DELIVERED-Mile cost to you, against any other Tires in the field, at any price, and—abide by the Result.

Why (if YOU are not a Reckless Driver) should YOU pay MORE than the "BUSINESS" price of the Goodrich Tire, for ANY Fabric Tire in the field?

Get a shiver of the new Goodrich "Barefoot" Rubber from your nearest Goodrich Dealer or Branch.

EVERYTHING READY FOR OPENING GAME

Aitkin Must Play Ball Sunday, May 7, to Win, Brainerd Ready for a Hard Battle

THE LINEUP IS ANNOUNCED

Mayor R. A. Beise to Pitch First Ball and Make Opening Address at the Game

Mayor R. A. Beise

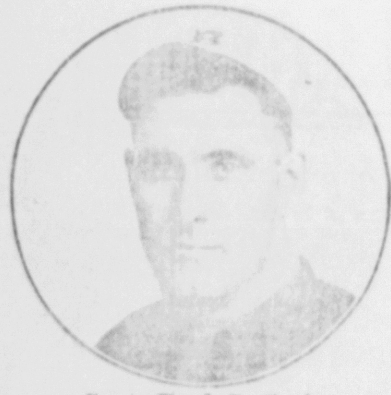

The big game of the season, always the most interesting, the opening battle, will start sharply at 3 o'clock Sunday afternoon and Koering field. Because of the uncertainty of several positions, Manager Cook has withheld his decisions and therefore Brainerd's official line-up has not been announced until the last minute. The tentative line up is as follows:

Erkman, centerfield.
Cook, first base.
Templeton, third base.
Denda, shortstop.
Frank, catcher.
Dush, leftfield.
Stallman, third base.
Bratton, Ingrand or Clark, right field.

Molstad, Hitt or Kannenberg, pitcher.

Brainerd's pitcher for Sunday will be a youngster, and Cook has not decided who will work on the mound, however, either one of the "kids" can be depended upon to deliver the goods, and with proper support and encouragement, should make a good showing.

The latest addition to the home team's roster is Catcher Frank, of Long Prairie's champion team of last season. It is questionable whether or not any catcher in the big league has any better arm than Frank. Brainerd fans will be given a rare treat in witnessing this remarkable throwing to the bases. He is also a

Capt. Fred C. Cook

heavy hitter and will strengthen the hitting department of the team.

Ted Stallman has made good on third base and our ever reliable Tommy has been switched to second base because of his great ability to receive throws and tag a runner. "Swede" has been changed in order to strengthen the outfield in hitting, and a close study of the entire batting order will reveal the fact that, if our youngsters come through in the box, Brainerd has the nicest team they have had for many years.

The grounds are now in fine shape and everything is ready for Umpire Kylo to announce the batteries for the game. The stand has been repaired, the score board painted and moved behind first base, and both the infield and outfield rolled and put into good shape. Music for the game will be present and Mayor R. A. Beise will make an appropriate opening address from the grandstand.

Tom Wood

throw a perfectly new ball, foil and all, to Mr. Thos. Wood, Brainerd's owner on the beef trust, who will endeavor to sear the life out of Aitkin's lead-off man by heaving the first one at his head. The band will meet at Sixth and Front streets at 2 o'clock and after a few selections have been rendered, will head the procession down Sixth to Laurel, east to Seventh, north to Front, west to Sixth and thence to the grounds, where the teams will warm up for the big game.

The guessing contest is increasing in size and all those who have, as yet, not handed in a guess as to the actual paid admissions, had better increase their amount over those of last year as indications point to a record-breaking attendance. If the weather is warm and favorable, Game starts at 3 o'clock. Play ball!

THE SCORE CARD

Joseph C. Zimmer, Business Manager of the Brainerd Baseball Team, Scores Great Success

Joseph C. Zimmer, business manager of the Brainerd baseball team, scored a big success with the baseball score card which took well with the merchants of the city who advertised liberally in the same.

Joseph C. Zimmer

Many outside teams have written for copies of the game and will copy Mr. Zimmer's methods in raising funds to finance a team. The score card has given satisfaction to the Brainerd team, it carries a score card, and it will enjoy wide distribution in the towns which play here and will also be distributed at the grounds.

Pans will be kept busy scanning its pages to read about the prizes offered for various plays made in the season.

Speedwells

Anyone wishing to try out for the speedwell baseball team, should be at the Koering grounds Tuesday evening, May 14th, for practice.

FIGHT AT PILLAGER

Several Brainerd Men Attend a Bloody Mill Near the Fair Grounds in Pillager

Brainerd men, several of them, are authority for the statement that they attended a bloody mill near the fair grounds at Pillager, where one Anderson of Verndale and one Peterson punched each other good for eight rounds. Honors were about even. Anderson getting a bloody nose and Peterson a swollen jaw.

Admission was 50 cents. There were no seats and the ring was not roped off, thus making it necessary for the spectators to chase around the lot to get a good view of the contest. Ten ounce gloves were used.
